President Is At His Farm For At Least 6 Weeks Rest

By ED CREAGH
WASHINGTON (AP)—It's back to the farm for President Eisenhower today — for six weeks that may well determine his plans about seeking another term in the White House.

Feeling fine, his doctor says, and ready to assume a gradually increasing burden of official duties, the President planned to leave around 10:30 a. m. EST for the Gettysburg, Pa., farm which has been described by an aide as "the apple of his eye."

Mrs. Eisenhower was to accompany him on the 2½-hour motor trip. Today is her 59th birthday and there'll be a family party to-night at their trim white farm house.

In Office Today
Eisenhower put in a business-as-usual appearance at his White House office today.

Back only Friday from Denver where he spent seven weeks recovering from a heart attack, he appeared at the office just before 8:30 a. m.

That was a few minutes later than his customary starting time. Gettysburg, determined as ever to take the first family in stride and let them have privacy, couldn't resist a little celebration this time in honor of the President's recovery from a heart attack.

A large segment of the battlefield town's 7,200 residents planned to turn out for a welcoming ceremony in Lincoln Square. It was to be brief and untaxing on the President — a greeting by Burgess William G. Weaver, a response by the President, then on to the farm.

The solicitors hope to secure at least \$1 per adult from each home to help put the Community Chest drive for \$19,700 over the top. So far about 70 per cent of the amount needed has been collected. The Chest supports the Recreation Association, YWCA, Girl Scouts, Boy Scouts, Civic Nursing Association and the Library.

Provisional President Of Argentina Is Overthrown

By BRUCE HENDERSON
BUENOS AIRES (AP)—Post-Peron Argentina walked a dangerous new path today with provisional President Eduardo Lonardi overthrowing and with his friends overthrew Peron.

Lonardi, the major general who led the September revolution against the dictatorship of Juan Peron, was pushed out of office in a bloodless coup yesterday.

Maj. Gen. Pedro Eugenio Aramburu, another general who took part in the anti-Peron movement seven weeks ago, was sworn in to succeed him.

The ringleaders of the coup said they did it to stamp out "totalitarian" influences in the Lonardi government and to make sure "true democracy" was built on the ruins of the Peron dictatorship. But Lonardi's friends called it a "treason" which would be punished.

Predicts Other Changes

MERCHANTS ASK FOR XMAS LIGHTS' FUNDS

The Gettysburg Retail Merchants Association has launched an intensive drive to raise funds for more elaborate and extensive Christmas decorations this year.

Since President Eisenhower is expected to spend the Christmas holiday in Gettysburg, numerous visitors will be attracted here and newspaper and TV photographs of the town will in all probability be broadcast across the nation.

The association is hopeful that all merchants will contribute generously so that the decorations may be extended out the four main streets and be more colorful and elaborate than ever before.

The association sent the following letter to all merchants: "We are now confronted with the serious problem of raising several hundreds of dollars to finance our annual Christmas street lighting and decorating program. The town council is giving us \$200, and will pay for the current and furnish us with laborers."

"The rest is up to us!"

"This year, more than ever, we must have the very best street and lighting decorations we can secure. The President of the United States will be with us. The world's most prominent leaders and chiefs of state will be coming to Gettysburg regularly. The world's best reporters, photographers, TV and radio crews, the White House staff and countless others will be in our midst. WE MUST PRESENT OUR BEST, VERY BEST FRONT!"

"We will need money . . . not in driblets of three and five and tens . . . but substantial amounts to make Gettysburg the best looking 'Capital of the Free World' it is possible to make."

"Let's really make Gettysburg look real Christmas and attractive! If you help we can do it. Please be just as liberal as you can . . . more so than you have ever been in the past."

More Than 5,000 Persons Crowd Lincoln Square To Greet President, Mamie

President and Mrs. Eisenhower came home to Gettysburg today, to their first permanent home, to the place where, as President Eisenhower said, "my wife selected as our future home way back in 1918 . . . but she didn't tell me until later."

Speaking from a small platform in Lincoln Square, President and Mrs. Eisenhower accepted the cheers and plaudits of more than 5,000 Gettysburgians — school children, nuns, college students, high school students, painters, and people from every walk of life.

And then President Eisenhower told the crowd "I feel deeply honored at the turn out. Gettysburg has been so long a part of the Eisenhower family. I think my wife decided in 1918 that this would be our permanent home."

Lincoln school children, carrying American flags, lined York Street, and waved and shouted as the presidential car, a huge black limousine with an open roof through which the President could stand. There was a great shout of welcome from the crowd. Students bearing signs that read, "Welcome Home Ike and Mamie," "Happy Birthday Mamie" and similar expressions waved and shouted.

The President stood and waved to the youngsters, and to others leaning from windows in buildings around the square.

Stopping about five feet from the platform, the President greeted Burgess William G. Weaver, and stopped for a moment to allow Mrs. Eisenhower to leave the car. Patricia Weaver, 13-year-old daughter of Burgess and Mrs. Weaver, in a brown and white dress and carrying a bouquet of flowers from the citizens of Gettysburg for Mrs. Eisenhower, was already on the platform. While President Eisenhower greeted Mrs. Weaver, Mrs. Eisenhower made her way to the stand and there Patricia presented her with the bouquet. At the same moment the Gettysburg High School band struck up, "Happy Birthday To You" and the thousands joined in singing the refrain.

Crowd Fills Square
More than 5,000 people crowded Lincoln Square for the "welcome home" program. The roof of practically every building surrounding the square was crowded with men and women. They leaned out of every window, stood on window sills, flower boxes, bumpers, car tops, traffic signs and every conceivable other perch.

The crowd was in a happy mood and kept on cheering for several minutes after Burgess Weaver tried to quiet them.

President and Mrs. Eisenhower beamed happily. Both showed every indication that they were happy to be home again.

Mamie Is Happy
Mrs. Eisenhower beamed happily, and seemed a little misty-eyed from the unexpected greeting. When the song ended she waved and then stepped down off the platform. President Eisenhower and Burgess Weaver escorted her back to the platform. President Eisenhower moved Mrs. Eisenhower over to one side to make room for Mrs. Weaver, who rather than crowd the small platform had remained on the sidewalk.

Stilling the crowd's cheers, Burgess Weaver said: "Mr. President, it is my privilege and honor today to represent the citizens of Gettysburg, to tell you how grateful we all are that you took time out of your busy schedule to greet us here. On behalf of all the people of Gettysburg, I bid you and Mrs. Eisenhower welcome."

President Eisenhower mentioning Burgess and Mrs. Weaver and "Patty" Weaver in his opening, turned to "my future permanent neighbors" and told them of Mrs. Eisenhower's "decision" to move here in 1918. "To each of you and to each of those little children who waved their flags along the way, we are deeply grateful, we express our thanks."

As the President stepped down from the stand there were cries of "hold it" from photographers and the President stopped and smiled while cameras snapped. Then he rejoined Mrs. Eisenhower in the car and they drove away to their farm.

In Happy Mood
Mrs. Eisenhower was wearing a blue princess coat with matching blue shoes and a matching hat trimmed in rose. She had a fur piece around her neck.

The President was in a brown suit. Since the day was warm, he did not wear a top coat.

When someone yelled, "Happy birthday," the President took off his hat and grinned at his wife. "Look at each other, please," a photographer said. Mrs. Eisenhower looked almost girlish as she smiled at her husband.

The President's health is considered so good that his physician will not go to Gettysburg until later.

The President and Mrs. Eisenhower rode together in the back seat of an automobile with a Secret Service man and the chauffeur up front.

The President's car came into Baltimore St., off the Emmitsburg Rd. turned east on E. High St., past the Presbyterian Church where the President and Mrs. (Continued On Page 4)

Gettysburg Is "Apple Of His Eye"

There has been some speculation that after a few weeks at Gettysburg President and Mrs. Eisenhower might travel south for further convalescence, particularly if the weather should be unpleasant at the farm. When newsmen brought up that possibility today, James C. Hagerty, White House Press secretary, laughed and told them: "For those of you gentlemen who would like to go south, I cannot hold out any hope for you at all. I know of no other plans than Gettysburg."

Hagerty recalled that Eisenhower's physicians said in Denver that weather would not be an important factor in his convalescence, and Hagerty added with a grin: "Gettysburg is the apple of his eye."

HERE AND THERE

The Stars and Stripes and the
President's flag fly at full staff atop a 50-foot flag pole on a farm as widely known throughout the world as any other place of property in the United States. They were raised to their positions today to signify that the President of the United States, Dwight D. Eisenhower, is in residence at his Gettysburg farm. With his beloved "First Lady" the stricken chief executive came here this afternoon to rest, relax, recuperate and enjoy a bit of recreation following a heart attack last September 24.

The President was in a happy mood. He had good reason to be. He had received a practically clean bill of health when he left the Army Hospital in Denver. He had been a good patient. His scarred heart had mended satisfactorily; he was permitted to assume more of his duties and he was at his own home to celebrate the birthday of his charming "Mamie" . . . endeared to millions throughout the world.

Gettysburg is proud and privileged to have the President here for his recuperation. We are flattered that he selected this historic community as his permanent residence. His presence in our midst means much but of far greater concern and significance is his complete recovery, his restoration to full health and the peace and quiet and privacy he must and will have. To that objective his friends and neighbors in Gettysburg are devoted and fervently invoke the blessing of the Great Master for this attainment.

To Mrs. Eisenhower, Happy Birthday.

To President Eisenhower, Good luck and good health.

President, Aides Will Have Private Offices In Post Office Building

Gettysburgians kept their eagerness, as usual, under control. But there was a thrill in every heart as the day arrived for the President's return. Two young ladies, Jean Riley, left, and Lois Rice took time out to fix up what they thought would be an appropriate poster for today.

Through this doorway the President of the United States will walk daily to his office—the former office of Postmaster Lawrence E. Oyster in the Gettysburg post office. Parking on E. High St. at the post office will be restricted for government use. Across Baltimore St., atop the American Legion building can be seen the microwave tower that will send pictures of Gettysburg and the president to the nation's television stations.

The doorway is lettered "Postmaster," but beginning Tuesday this door will open into the office of the President of the United States. Raymond Burns, sent by the government to supervise the furnishing of the former office of Postmaster Lawrence E. Oyster in the Gettysburg postoffice as the new office for President Eisenhower is shown in the doorway of the office.

Workmen are shown putting last minute touches to the offices established on the second floor of the local post office for Presidential Assistant Sherman Adams and his staff. In the rear of the partition where workmen are engaged in placing light fixtures and where the President's picture may be seen, is a conference room. In the foreground workmen are engaged in completing offices for the staff.

LITTLESTOWN SPOTTER POST DEDICATED

Littlestown's new spotter station on the roof of the Littlestown High School was formally dedicated Saturday afternoon with talks by Congressman James Quigley and leading officials of the Ground Observer Corps and by a "sweep" from two Air Force jets. The "swoosh" of the airplanes overhead lent emphasis to Congressman Quigley's observation: "You have here a duty and the privilege of contributing something to the survival of this country of ours."

"Today we express appreciation for a job well done. This is one of the finest observation posts throughout the state. It just didn't get there by accident. It took hours and weeks of work and planning by organizations and individuals."

Spirit Of Cooperation

"The placing of this aluminum, comfortable, excellent spotter post atop the school is an example of the cooperative way in which things are done in a typical American community. It is a joint effort, of the school board, the county commissioners, the Air Force, the Junior Chamber of Commerce, and a host of other organizations and individuals."

"But our dedication of this post today does not mark an ending but a beginning. When the band is gone and the speeches are over, then begin the long days and months and possibly years of volunteer work. It is the price we pay for living today. The price that liberty has always had to pay, the price of eternal vigilance."

"Science helps protect our skies, but it cannot do all the work. Human beings are still better spotters than radar, for radar has more limitations than men."

"We Go On Guard"

"And so we go on guard, and my fondest hope is that this post, nor any other post, will ever see an enemy plane. But there are those who would destroy us."

"Our nation's capital for all practical purposes will be here in beautiful Adams County for some months, at Gettysburg, only ten miles from here. And thus we may feel sure that this will be a top priority target if any enemy should choose to attack us."

A flag presented by Ralph Unger for the Junior Chamber of Commerce of Littlestown, was placed on the roof of the school building near the spotter station. The station is reached by a winding wooden stairway built along the side of the school building.

The dedicatory exercises were held on a platform erected on the school lawn. Among Air Force officials who added a word of praise were Major Mark Stewart, in charge of the GOC for Pennsylvania for the Air Force and Capt. Earl Wysong, commander of the Baltimore Filter Center, who added an invitation to all to visit the filter center.

Burgess Roscoe W. Rittase, Paul E. Hiltbrink Jr., chief observer for the post; J. Gerald Daley, its supervisor, and H. W. "Dutch" Armor, head of the GOC in Adams County, were among other speakers. Paul E. King, supervising principal of the Littlestown Joint School System, was master of ceremonies. Rev. William C. Karns gave the invocation. Music was furnished by the Littlestown High School band.

Mrs. Russell Summers, Fairfield, who served 1,750 hours as an air observer was introduced. Certificates of 250 hours of service were pre-

sented by Major Stewart to Miss Sara Miller, Fairfield, and Miss Catherine Wolfgang, New Oxford.

M/Sgt. Herbert W. Pennington, Air Force representative for the area, presented wings for 25 hours service to the following from Littlestown, James Hahn, George P. Hunneycutt, Kenneth Jacobs, Robert Shelton, Louis J. Small, LeRoy Moose, J. Gerald Daley, Richard Moose, Kenneth Bucher, Lynton Schroll and John Sell.

ONE HUNDRED YEARS AGO
Choice Poetry: "Autumn in the
Hills."

Time is on the autumn yellow,
Short will be the golden days,
Sad and short the glory mellow
Of the calm October haze.

Clouds are curling, smoke is whir-
ling,

Rain is in the driving racks;
Comes a hand the dead leaves
hurling,

Dreary days are on our tracks.

The Election At Abbottstown: A
False "Crow." — The Know Nothings
hereabouts tried to crow over the
result of the recent election for
Justice of the Peace in Ber-
wick township, but the facts, as
they have come to our knowledge
from a reliable source, show that
they had nothing to exult over.

Mr. BITTINGER, WHO WAS
CHOSEN, is a Democrat, and has
no connection or sympathy with
the order, a fact which its mem-
bers were aware of; but knowing
full well that they could not defeat
Mr. Elder with a man of their
own, they contributed to the elec-
tion of Mr. B. rather than suffer
a rout in a regular trial of party
strength. We are assured that in
that neighborhood, where the truth
is known, they do not pretend to
claim it as a Know Nothing vic-
tory.

Those of the midnighters who
voted for Mr. Bittinger with the
hope that he would not lift his
commission, will be slightly dis-
appointed, as he intends to accept
the office and perform its duties.

NOVEMBER

October's last songs in color, and
as accompanied by her parade of
golden leaves, are now passed and
November has the stage. But, after
all, November's greatest celebra-
tion is the going-away party of Oc-
tober, garbed in wedding array, but
only as a compliment to June!

Everywhere I look I see the
handiwork of the Creator, and the
ground is strewn with autumn's
most colorful presentation. Every
season has its beauty and char-
acter, but autumn has always had
its special appeal to me.

November is the month of
Thanksgiving, looked forward to by
millions. It's the "Thank You"
month to Almighty God, and the
month in which we meditate and
give thanks for the endless bless-
ings that are ours. We are a fa-
vored people on this side of the At-
lantic. Let us not forget the op-
portunities all about us for service.

It is an inspiring thing to travel
and note the corn stacked, and
many of the produce of the farm
put away for the colder times. One
can't help but think of all that
those farmers have gone through to
bring about their harvest — and
with a profit all too small for the
heart and energy expended. I have
read that workers are leaving the
farm including the boys born there.
We, who gain from the food of the
farm, need to pay tribute to the
long months of work by patient
farmers.

The birds are now gone by the
thousands to their warmer homes.
How we miss them! A few stay
behind, however, where they are
loved and fed under the roof of
my home, a few feet from where
I shave each morning, starlings
have built a home and now they
and their young perch each day
in the tree near by, and I listen
to a strange chatter upon my
awakening in the morning.

Fairies and goblins and funny elves,
Pixies dwelling in little nooks.

These are the people of friendly
shelves.

The kindly folks of the children's
books.

Never too tired are these gentle
friends

To race the meadow or climb the
hill.

Never too cross when the long day
ends

To heed their bidding and do their
will.

Never the soldiers drive them off
Or the fairies plead to be left
alone;

Even the monarchs their crowns
will doff

When the children clamber about
the throne.

Oh, that I could be half so kind
As the gentle folk of the printed
page.

Or mean so much to the youthful
mind

And never grow old or show my
age.

Oh, that I could be worthy of
The comradeship of the cozy
nooks

And know I were loved as the chil-
dren love

The friends who dwell in the story
books.

ATTIC ELEPHANT
CATCHES GLAMOR

The Associated Press
Is there a white elephant in your
attic?

If you have an ugly hard backed
chair, too good to throw away and
too shabby to use, take a tip from
experts at your local sewing center
and make a gay slipcover for the
chair. You can buy a standard pat-
tern with directions for covering
swivel chairs, chairs with or with-
out arms and chairs with open or
closed backs.

You can cover offending lines
completely by attaching a skirt,
or if you prefer, leave it trim and
tailored for the playroom or study.
Diagrams on the back of the pat-
tern envelope help you to select
the pattern most suitable for your
chair. From there on, you can se-
lect from a wide variety of fab-
rics and trimmings.

For Average Chair

The slipcover for an average size
chair with wood arms and up-
holstered back and seat requires
less than two yards of 36-inch fab-
ric. Bright red twill is a good
choice for a brighter-upper, with
contrasting black-and-white striped
binding.

Ties and hammer-on snap fast-
eners guarantee trim fit and easy
removal. You are reminded to use
the cording foot attachment for
your sewing machine, to attach
welting.

A good decorating trick is to re-
move the scratched varnish on the
chair arms and legs and paint with
glossy enamel in a bright color, to
match or contrast with the slip-
cover.

FOIL MILDEW

Keep things aired and dry if you'd
prevent mildew. Chemicals avail-
able in department or drug stores
may be used to absorb moisture from
the air. Silica gel, activated alu-
mina or calcium chloride are used
for this purpose according to agri-
cultural experts. Silica gel is not
harmful to fabrics and can be used
over and over. Calcium chloride
should not be put in direct contact
with garments, these experts advise.

Flake canned kippers after re-
moving the skins. Add the flaked

After winning their opening
game, the Mountaineers lost eight

BARONS BEAT
BISONS TWICE

By THE ASSOCIATED PRESS

The Cleveland Barons twice
used the Buffalo Bisons over the
weekend as a stepping stone for a
litter position in the American
Hockey League.

The Barons beat the Bisons 6-3
on their home ice Saturday and
then made it two straight with a
2-1 overtime decision on Buffalo's
rink last night. The two victories
boosted Cleveland's point total to
15, one less than Buffalo and
Pittsburgh, who are tied for sec-
ond place.

Meantime, the league leading
Providence Reds posted a 3-2 over-
time decision over the Hershey
Bears last night, after dropping
an 8-0 game to Pittsburgh Sat-
urday, and lengthened their lead to
four points.

Fred Glover was the big man in
Cleveland's victory last night as
the Bisons lost their first game of
the season on home ice. Glover's
goal at 2:02 of the third period
matched Sam Bettio's first period
tally for Buffalo. And then at 6:15
of the sudden death overtime,
Glover took a pass from Jack Gor-
don and Joe Lund for the winning
goal.

Providence took a 2-0 lead in the
first period over Hershey but it
took a goal at 5:53 o the overtime
session by Paul Larivee to give
the league leaders their victory.
The Bears tied it up late in the
first period when Dunc Fisher
and Gordie Wilson scored goals 15
seconds apart.

Is it lumpy? Does it sag in the

Bullets Outclass Terrors 34-7 For Fifth Triumph In Penalty-Filled Game

Gettysburg College, rebounding from its 36-0 loss to Delaware, scored an easy 34-7 victory over Western Maryland at Westminster Saturday as the entire Bullet grid squad saw action.

Eagle-eyed officials helped to keep the score down as they called back two touchdowns runs, one a 104-yard kickoff return by Don Halley and the other a 65-yard scamper by Bruce Pieper. Gettysburg was penalized 100 yards during the afternoon and it would have been more but on three occasions the Western Maryland captain wisely took the play instead of the penalty.

Coach John Yovicsin didn't permit his varsity center Sheldon Yingst or his understudy Jack Ridinger to enter the game following their leg injuries at Delaware the previous Saturday. Varsity Quarterback Frank Gagliardi, who suffered two broken ribs against the Blue Hens, didn't don a uniform but his understudy Jim Soltesz acquitted himself well.

Gettysburg on the toss and elected to receive, but after one first down the Bullets were stopped. Frank Capitani punted to the home team's 29 where Frank Novak fumbled and Alan Kempton of the Bullets recovered.

Five plays later, Capitani scored his first of two touchdowns as he bulled over from seven yards out. Soltesz added the extra point.

After Western Maryland failed to gain following the kickoff, Dick Hersh punted to the Gettysburg 25. Two running plays gained 11, and Capitani passed for two more to Bruce Pieper. Then Soltesz hit End Bill Ward, who had eluded the secondary, with a pass on the Green Terror 36 and Ward went the remaining distance for a 62-yard scoring play. Soltesz' conversion made it 14-0.

In the second quarter, the Bullets tied the game as Ernie Paliszewski scampered to the home team's 4 after Gettysburg had recovered a fumble on the Western Maryland 26. Two plays later Chuck Heverly sneaker over from the 3. Lichtenfeld added the 21st point.

Selection Proves Wrong
The Green Terrors elected to kick off following Gettysburg's third touchdown, and Paliszewski grabbed the ball on the Bullet 18, and behind excellent blocking, raced 82 yards for a touchdown.

Capitani ended the scoring for the Bullets in the third period as he broke through the Western Maryland eight-man line on his own 38 and raced 62 yards for a touchdown. Soltesz again converted.

The Green Terrors retaliated with a score as Springer took a 20-yard pass from Novak and raced the remaining 12-yards to score. Rausch place-kicked the extra point.

F And M Here Saturday
Gettysburg, with a record of five wins and two losses, will conclude its season with Franklin and Marshall on Saturday here on Memorial Field. Western Maryland will play its annual game with Johns Hopkins Saturday.

The lineups:
Western Maryland
Ends — Martinell, Haas, Springer. Tackles — Rausch, Butler, Sheridan. Guards — Hunt, Batista, Foster. Centers — Day, Riggins, Day.

SIX SCHOOLBOY LEAGUES NAME 1955 CHAMPIONS

HARRISBURG (P)—With less than two weeks of the season left to play five of Pennsylvania's top six schoolboy football conferences have named 1955 champions or two finalists.

Only in the Eastern Conference, second largest in the state, has the race failed to reach a stage where the winners of both northern and southern divisions are apparent.

Clearfield and Huntingdon were the latest to cop a conference title. They were named co-champions of the Class A Western Conference yesterday while Carlisle, defending co-champ of the South Penn. managed to take the crown by itself this year.

Replace Conemaugh
Clearfield and Huntingdon each finished their season over the weekend and replaced Conemaugh Twp. as conference champion. Both squads went through nine league games and one non-league game undefeated and untied. In the rating system, they were placed at 550.

Although Carlisle must still play 1954 co-champion Mechanicsburg next Friday, the outcome will have no effect on the championship.

In addition, five teams, including Clearfield and Huntingdon, finished their seasons with all-winning records. The others were Warren, Sect. II Tidbit with 10 wins in all games, Minersville, current leader in the Eastern Conference Southern Division, and Mahanoy Twp.

Mahanoy Wins
Mahanoy Twp.'s 40-0 win over Frackville gave the squad its second undefeated season in a row—its only two in history—and extended its winning streak to 21 games over three seasons, the second longest of any major team in the state.

Here's the way the other conferences shap up now:
WPAL AA—Alliquippa's 26-12 win over Ambridge gave them the right to meet Mount Lebanon in a playoff for the title next Saturday.

John Harris Upset
Central Penn.—The biggest upset occurred here with Harrisburg John Harris coming from behind to unseat Steelton from the unbeaten ranks and leave Williamsport the only unbeaten eleven in the league.

Defending champion Williamsport the only unbeaten eleven in the league.

Defending champion Williamsport meets Steelton Thanksgiving Day but the best Steam rollers can do now is tie for the crown.

Eastern Conference—The top two teams in each division exchanged places over the weekend, West Scranton taking over top spot from Swoyersville in the north and Minersville again roaring past Mount Carmel in the south.

Takes 4-Point Lead
In the Northern Division, Idle West Scranton, defending division champ, took a four-point lead in the ratings over Swoyersville which made a poor showing in beating unrated Nanticoke 14-13. Wilkes-Barre Meyers, unbeaten in eight games, is still in the running in third place.

In the Southern Division, Minersville now holds a 50-point margin over Mount Carmel, defending conference champ. Both won their games over the weekend but Minersville edged eight-rated Coal-dale while Mount Carmel whipped unrated Sunbury.

The ratings, however, could take a unique turn next week when Coal Twp., third in the south and only team to beat Mount Carmel, takes on Swoyersville.

Approach Perfect Records
In addition to the five all-winning squads which have already finished their seasons, six other teams are still on the track to perfect records.

The select group, with number of total wins in parentheses, includes:
Williamsport (9), Wilkes-Barre Meyers (8), Carlisle (8), Alliquippa (8), Lower Merion (8) and Easton (8).

Lower Merion extended the state's longest major all-winning streak to 22 over the weekend.

Last year, only seven teams finished with unblemished slates.

Two Kickoff Touchdown Runs Feature Biglerville 34-6 Victory Over Rams

Biglerville High School rolled up an easy 34-6 victory over Kennard-Dale in bringing its football season to a close Saturday evening on the Cannons' field.

During the season Coach Bill Coradetti's Cannons won five while losing four and finished third in the Laurel Conference with a 3-2 mark.

The Cannons scored shortly after the kickoff. Scotten returned the boot to the Rams' 32 but fumbled where Ronnie Koonz recovered for Biglerville. Following an off-side penalty against the Rams, Don Rentzel ran 11 yards to the 16. On the next play Rentzel swept right end to score. Ken Pitzer kick for the point was low.

Early in the second quarter Biglerville was halted at the Rams' 26. A short time later the Cannons were back on their 9 via a Kennard-Dale punt. Three straight first downs on runs by Ronnie Koonz for 14 yards, John Constable for 10 and Rentzel for 18 took the ball to the K-D 38 but Smith recovered a fumble at that point for the visitors.

May Scores
The Rams were forced to kick almost immediately and Jim May ran the ball back 28 to the Rams' 37. Rentzel punted 12 yards and May added 20 at right end. On the next play May went over. Pitzer added the point on a placement.

A successful onside kick resulted in Biglerville securing possession when Pitzer recovered on the Rams' 29 to set the stage for the third Biglerville tally. May, Shaffer and Baltzler advanced the piskin to the 13 from where May circled left end to tally. Pitzer's placement attempt was blocked.

Koonz Goes 75
A 75-yard touchdown kickoff run by Koonz opened the second half, the Biglerville speedster taking the ball on his 25 and streaking down his right sideline. Pitzer added the point on his kick.

A safety produced two more points for Biglerville midway in the third period. After Biglerville drove deep into Ram territory, it lost the ball on downs. A 15-yard penalty against the invaders put them back on their own 1. On the next play a Ram back fumbled in his end zone and was smothered by a host of Biglerville players for a safety.

Constable Races 61
Forced to kick from their 20, the Rams were the victims of another touchdown scamper when Constable took the boot on his 39 and ran up the middle to go the entire 61 yards. Again Pitzer's boot for the point failed.

Kennard-Dale finally broke into the scoring column midway in the

second quarter. Biglerville was back on its 23 from where Pitzer was forced to run the ball instead of kicking due to a bad pass from center. He was dropped before making the necessary yardage for a first down with the Rams taking over. Norris whipped a pass to Parthree on the 10. A penalty put the Cannons back on the 5. Hodge got four yards on two tries before Smith smacked over right guard for the score. Hidebrand's kick for the point was blocked.

Inclement Weather Opens Bear Season

HARRISBURG (P)—The weatherman predicted cloudy skies and scattered showers for the opening today of the two-week bear season.

The state Game Commission estimates that about 200,000 fishermen will take to the field during the period with most hunters heading for Pennsylvania's forested northern tier counties.

The ear population is about the same this year as in 1954 when more than 400 animals were bagged by hunters, the commission added.

Any bear more than a year old is legal game. Cubs are protected. An individual may take one bear during the season and a party of three or more may kill two.

Hunting parties of five or more persons must keep a roster.

PANTHERS DROP MOUNTAINEERS FROM UNBEATEN

The University of Pittsburgh and Penn State were Pennsylvania's only winning big college teams over the weekend.

The Panthers' 26-7 triumph over previously unbeaten West Virginia may put them in position or a bowl bid.

The Nittay Lions—led once again by Lenny Moore—scrambled over Rutgers, 34-13.

Penn. Temple and Villanova all succumbed once again to stronger elevens.

But two smaller Pennsylvania schools—Juniata and Drexel Tech—rolled smoothly to within a single contest of perfect 1955 campaigns.

Juniata squelched Swarthmore, 39-0, and extended its victory streak to 22 in a row.

Drexel's Engineers dunked the U. S. Coast Guard, 27-7.

Army defeated Pennsylvania 40-0. Delaware ground out a 46-0 win over Temple, and Villanova went down, 6-0, to Detroit Friday night.

Twenty-two Pennsylvania teams ended their seasons Saturday.

Bloomsburg's 17-7 victory over West Chester brings the Huskies to within a game of the state teachers college championship. A victory over Lock Haven next weekend would do it. Lock Haven managed to tie the Lycoming 19-19 in the final seconds on Saturday.

Lehigh takes on its traditional rival, Lafayette, next Saturday and the Engineers' easy 51-19 triumph over Albright seemed a good warm-up.

In other games:
Muhlenberg defeated Franklin and Marshall, 18-13; Scranton beat Pennsylvania Military College, 32-6; Lebanon Valley came from behind to get by Ursinus, 26-21, and Millersville ended its first winning season in 14 years with a 21-6 victory over Mansfield. The Millers are 4 and 3 this year.

Westminster overcame Slippery Rock, 29-19; Miami (Fla.) crumpled Bucknell, 46-0, on Friday; Haverford defeated Susquehanna, 22-7; Dickinson just got by Johns Hopkins, 7-6; Thiel beat Bethany, 20-14; Moravian defeated Wagner, 46-0; and Gettysburg had little trouble with Western Maryland, 34-7.

The National Aggies trounced the Long Island Aggies, 33-0; Grove City beat Edinboro, 18-0; Clarion tied Shippensburg, 7-7; Baldwin-Wallace defeated California 20-13. Geneva shut out Allegheny, 20-0; unbeaten Centre romped over Washington and Jefferson, 40-7; Montclair defeated Kutztown, 35-7; East Stroudsburg spanked Cheyney, 25-6; Bridgeport and Wilkes battled to a scoreless tie; and Kings beat Kings Point, 20-6.

The final touchdown was a 40-yard dash with an intercepted pass by Bibbles Bawel.

Graham tossed to Ray Renfro for a touchdown on a play covering 69 yards and sneaked a yard for another score in the first period.

The Bears, gunning for their first championship since 1946 as a going away present for retiring coach George Halas, exhibited a bone-crushing defense. The bewildered Los Angeles boys, who generally have no trouble scoring, never passed the Chicago 21 and had to resort to a face-saving field goal, 41 yards by Bud McPadin in the last minute, to avoid a shut-out.

Brito Stars Again
For the second straight week, Gene Brito's alert defensive play provided the spark to get the Redskins on the warpath. He knocked the ball out of Y. F. Tittle's hands as the San Francisco quarterback faded back to pass, then recovered for Washington on the 49er 33. On the third play rookie Bert Zagners scooted 12 yards for the touchdown. Tittle's pass hit the goal posts.

Alan (The Horse) Ameche, Baltimore's star rookie, was held to 40 yards in 13 carries by the Giants. The veteran Charley Cornerly pitched for one New York touchdown and set up another touchdown and Ben Agajanian's 32-yard field goal with his passing.

Sooners And Terps Are Sure To Play In Orange Bowl But Other Bowls Rather Muddled

By ED CORRIGAN

Out of the welter of confusion that made up the college football picture today there emerged one solid fact—the Orange Bowl is going to present the four-star, gilded attraction on Jan. 2, Oklahoma vs. Maryland.

The picture still is clouded in the other three major bowls with perhaps a dozen assorted items still in the running for berths.

Here's the picture in brief:
Rose — UCLA has the inside track, but Oregon State also has a chance as the Pacific Coast conference representative. Michigan can get the Big 10 nod if it defeats Ohio State Saturday. If Ohio State wins, then Michigan State will make the trip to Pasadena.

Sugar — All is confusion, following Pitt's 26-7 victory over a West Virginia team that had won 11 games in a row over a two-year span. The Southeastern Conference winner usually is the host team, but any of five schools still can take the league title.

Cotton — Texas Christian, which by the form chart, should wind up operations as runner-up to Texas A and M in the Southwest Conference, should be nominated host. Officials say Navy, Auburn, Georgia Tech and Mississippi all are in the running for the visiting bid.

If things work out as the Tournament of Roses officials' hope, the Rose Bowl should put on a good attraction. UCLA must get past Southern California this week to clinch the Pacific Coast conference title, and do it without Ronale Knox who suffered a broken leg in last Saturday's 19-17 squeaker over Washington.

If Southern Cal wins, however, and Oregon State, the surprise team in the league, beats Oregon there will be fireworks for sure.

That would leave Oregon State with a 6-1 record and UCLA with 5-1. State would have a talking point, although its 38-0 early season pasting at the hands of UCLA would count against it.

The Big 10 situation is quite definite. Michigan can buy its tickets to Pasadena if it gets past Ohio State. If Ohio State wins, Michigan State goes. An Ohio State victory would give the Buckeyes the conference championship, but they played in the Rose Bowl last New Year's and league rules prohibit a team from making the trip two years' running.

Michigan State already has completed its conference schedule and shows a 5-1 record. An Ohio State victory over Michigan would leave the Wolverines' at 5-2.

As for the Sugar Bowl, two scouts from New Orleans were in the stands when Pitt clubbed the

Mountaineers 26-7. They were all set to get out their pens and sign up Pappy Lewis and his team. Now, they say, they'll have to take a wait-and-see attitude. They spent quite a while in the Pitt dressing room after the game.

Actually, the fact that West Virginia was beaten does not eliminate it from consideration, and if it makes a good showing against Syracuse Saturday, it will be right back in contention.

The Sugar Bowl folks still must look around for a host team. They usually take the Southeastern Conference winner and there still are five teams—Mississippi, Auburn, Georgia Tech, Tennessee and Vanderbilt—in the running.

Mississippi, currently the leader, has the best chance. If Ol' Miss can defeat Mississippi State Nov. 26, the race is over no matter what the others do. That wouldn't make the Sugar Bowl folks too happy, either, since Mississippi was all but disgraced by Navy last New Year's day.

Gets Second Best
The Cotton Bowl is going to have to take the second-best in the Southwest Conference as its host team. Texas A and M, which is on probation, can lock up the title by burying a floundering Texas Thanksgiving Day. The Aggies are prohibited from playing post-season games this year for violating recruiting practices.

Therefore, Texas Christian, if it gets by off-beaten Rice this week, will clinch second place and the bid.

The way thinking runs as of today—subject to sudden change—Auburn seems to have the best chance of heading for Dallas Jan. 2. The Plainsmen are bowl-minded, have had a good season, and should draw.

As for last Saturday's games, the only major upsets were Pitt's victory over West Virginia, the second year in a row the Panthers have dealt the Mountaineers their first defeat of the season, and Princeton's 13-0 Ivy League triumph over Yale. The result knocked Yale out of first place, Princeton can clinch the title by halting Dartmouth Saturday.

Oklahoma, No. 1 in The Associated Press poll, rolled to its 27th straight victory at the expense of Iowa State 52-0. Maryland took care of its last threat to the AAC title by whacking Clemson 25-12.

Michigan State trounced Minnesota 42-14; Michigan shut out Indiana 30-0; Ohio State swept past Iowa 20-10; Notre Dame topped North Carolina 27-7; Army shattered Penn 40-0, and Navy humbled Columbia 47-0 in other major games.

Funeral services for Hayden Monroe Hann, 39, Middleburg, Md., who was fatally injured Friday afternoon near Middleburg when his truck was hit by a train, were held this afternoon at 1 o'clock from the D. Lt. John Novick and State Trooper G. N. Sensabaugh of the Maryland State Police, who investigated the accident, said that the truck was carried about 200 feet down the tracks after the collision and that Hann was in the truck cab. His death was caused by a skull fracture, head injuries and a fracture of the right leg, according to Dr. James T. Marsh, Carroll County medical examiner.

State police said the train was eastbound from Hagerstown to Baltimore, and was delayed about an hour after the accident.

Hann was employed by Donald Six, feed dealer of Middleburg. He was born in Carroll County, a son of the late Hayden L. and Hannah Plaine Hann. Surviving are his widow, Mrs. Margaret Keeney Hann, three children, Audrey L. May Set Record For Babies In '55

The Gettysburg area apparently will set another record for number of births this year, according to the report for the first ten months completed today by the local registrar of vital statistics.

So far this year there have been 895 births and 188 deaths. For the comparable ten months of 1954 there were 811 births and 177 deaths. Last year marked an all-time high in the number of births.

The record for October shows 94 births and 22 deaths in the Gettysburg area comprising the borough and Cumberland, Straban, Freedom and Highland Townships. In the same month a year ago there were 77 births and 17 deaths in the area.

All of the births last month occurred in Gettysburg, 54 males and 42 females. There were 12 male and five female deaths in the borough, one male and two female deaths in Cumberland Twp. and one male death in Straban Twp. Neither deaths nor births were recorded in the other two townships.

PETERS NAMED TO FARM GROUP

John B. Peters, Gardeners, vice president of the Knouse Foods Cooperative and head of the Cooperative Fruit Growers of Adams County, was elected to the executive committee of the Pennsylvania Association of Farmer Cooperative at Hershey Thursday.

Mark N. Witmer, Dalmatia, was elected president; Floyd Mains, Shippensburg, vice president, and George M. Myers, state Farm Bureau cooperative, secretary-treasurer.

The 160 delegates asked the state council of farm organizations to make a study of all bills affecting agriculture now before the state legislature.

It also went on record as opposing an Interstate Commerce Commission decision setting an advanced December 1 deadline on truck leasing. The association of farmer cooperatives asked Senator Duff to urge the ICC to reconsider the advanced deadline "to give time for Congress to enact appropriate legislation governing trip leasing."

SAYS LABOR IN DEBT TO POPE

"American Labor owes much to the influence of Pope Leo's declarations on labor," Rev. Dr. Thomas J. Kilcullen, vice rector of Mt. St. Mary's Seminary declared Sunday morning at the annual Communion breakfast of the Holy Name Society of St. Francis Xavier Catholic Church, held in the pro-chial school cafeteria.

"We could call a roll of union after union, in community after community which has received its initial impetus or added drive from Pope Leo's 'Rerum Novum.'"

"Legislative acts in untold numbers on working hours, health laws, the work of women and children—certainly bear the earmark of the Pope's advice."

"Most unfortunately, some of the Holy Father's proposals were not adopted. For example the reconstruction of society on morally healthy grounds. This is urgently needed. Moral renovation and social reconstruction march hand in hand. Management and labor have an obligation to function through their own self organizations which will cooperate with each other. Class conflicts will continue to disrupt our society until this view is adopted in full fashion."

"May God grant us success in overcoming the immediate abuses and may we find a bright tomorrow with a general reconstruction of society based on true, moral principles."

President Wilbur Redding presided at the breakfast session. James Sneringer served as toastmaster. Approximately 60 attended.

Drag River To Find Unidentified Man

PHILADELPHIA (AP)—Delaware River Port Authority police continued dragging operations in the vicinity of the Benjamin Franklin Bridge today following a report that an unidentified man leaped from the center of the span yesterday.

Officers said George Shuster, Se-well, N.J., operator of a Pitman, N.J., to Philadelphia bus, reported seeing the man park his dump truck on the bridge and jump some 136 feet into the river.

A check with the owner of the abandoned vehicle revealed it had been in the weekend possession of an employee, Raymond Armstrong, 45, of Philadelphia. There was no response when police called at his address.

MAN HELD FOR SABOTAGING

WASHINGTON (AP)—The FBI today announced the arrest in Denver of John Gilbert Graham on a charge of sabotaging the United Air Lines plane which crashed near there Nov. 1 with a loss of 44 lives.

FBI Director J. Edgar Hoover said Graham, 23, is in custody of Denver FBI agents.

Hoover said he is to be charged formally with violation of a section of the federal code which forbids sabotaging a national defense facility or materials. The code defines commercial airliners as among such facilities.

In his first announcement Hoover gave no details of the alleged sabotage.

Investigators, however, have reported that a cargo compartment of the crashed plane showed evidence of an explosion which they said came from something foreign to the plane itself. Luggage was carried in the compartment.

The FBI said Graham took out \$37,000 worth of insurance on his mother, Mrs. Daisy King of Denver, when he took her to the Denver airport Nov. 1.

Mrs. King was on her way to Anchorage, Alaska, for a visit. She was among the victims of the crash.

The bald eagle was selected as a national emblem by an act of Congress, June 20, 1782.

CHARLES DROPS PEG OR TWO IN BATTling HALL

By THE ASSOCIATED PRESS
Ezzard Charles drops down in class Monday night at Providence, R. I., to box Toxie Hall, one of Rocky Marciano's sparring partners and a main event fighter in his own right.

Charles has been losing almost as often as he has been winning this year, bowing twice to Tommy (Hurricane) Jackson who recently was defeated again by Jimmy Slade. Although Charles has slipped considerably from the days when he held the world heavyweight championship, he will be heavily favored over Hall, who once floored Marciano in a sparring session. Charles still is the No. 7 contender and Hall is unranked.

Bobby Courchesne, willing Holyoke, Mass. 130-pounder, gets somebody his own size for a change Monday when he takes on Miguel Berrios of Puerto Rico at St. Nicholas Arena in New York. The bout will be televised (Dumont) in some parts of the country.

Paddy Young, the flat nosed young man from New York's Greenwich Village, climbs back into the picture tube Wednesday night (ABC, radio and TV) to slug it out with Chuck Spieser of Lansing, Mich., at the Chicago Stadium.

Although Paddy has been boxing since 1946 and once fought Bobo Olson for the "American middleweight title," he is only 27, just

a year older than Spieser, former Michigan State college boy.

In his last start Oct. 3, Young lost in 10 rounds to Willie Pastrano at New Orleans. Spieser stopped Willie Troy in five rounds Sept. 30. He has a 14-3 record. Young's long career shows a 49-11-3 record.

BONN, Germany (AP) — A new West German army was founded Saturday.

LANCASTER, Ohio (AP) — Robert Lewis, 27, of Columbus, tried to start his stalled auto and got a real bang!

Lewis, helping Glenn Howes on a farm near here, lost the keys to his car, Deputy Sheriff Milton Speakman said.

Deciding to cross wires to get the car started, Lewis went into the Howes garage and picked up a likely looking piece of "wire" and touched it to a live wire in the car.

Howes brought Lewis to Lancaster-Fairfield Hospital, where the Columbus man was treated for burns on his forearms and legs.

The "wire" Lewis used was a fuse wire with a dynamite cap on it, Speakman said.

BOSTON (AP) — Bishop Fulton J. Sheen told more than 4,000 Catholic worshippers at Holy Cross Cathedral Friday night that one day he would celebrate mass in Moscow's Kremlin.

Bishop Sheen, who celebrated a mass in the Byzantine Rite which was dedicated to the conversion of Russia, said that in the Kremlin is a chapel dedicated to the Assumption of the Blessed Virgin centuries ago, long before this belief was made a dogma of the church.

HOLLYWOOD (AP) — Gloria Vanderbilt is here to make her first motion picture, a western opposite Frank Sinatra.

The heiress and the crooner-actor have dated but she denied on her arrival Saturday that they were anything but "just good friends."

She turned to acting after separating from her former husband, orchestra conductor Leopold Stokowski.

HOLLYWOOD (AP) — A Texas car-penter's wife will get a new car every year of her life.

The show is sponsored by an automobile manufacturer (Dodge) which will give her a new car annually.

TOLEDO MAY GO TO MIAMI

MILWAUKEE (AP) — The Milwaukee Braves' "floating" Toledo franchise may come to earth in Miami next spring and, if so, result in a realignment of the International League and the American Association.

"There's a good possibility we will operate in Miami next spring," Joseph F. Cairnes, the Braves' executive vice president, disclosed last night.

If the Toledo franchise is shifted to Miami, Cairnes said, there might be an exchange of franchises between the International League and the American Association to cut down distances between member cities in the two triple 'A' loops.

Just before Cairnes spoke, General Manager John Quinn revealed that the Braves had tried to make a cash deal for outfielder Frank Thomas of the Pittsburgh Pirates, but had been turned down.

Quinn also said he got nowhere with the St. Louis Cardinals on a similar deal for any one of three players — apparently Wally Moon, Bill Virdon or Red Schoendienst.

Naval Engineer Passes Away

ALLENTOWN, Pa. (AP) — Dr. Carlton H. Schlesman, 53, the chief engineer for the U. S. Naval Ordnance Laboratory at Silver Springs, Md., died at Allentown yesterday during a weekend visit.

He became associated with the laboratory in 1947. Previously, he was associate laboratory manager for the Socony Vacuum Oil Co. of New Jersey.

Survivors include his mother, Mrs. Mary M. Schlesman of Allentown, two sisters and two nephews.

MRS. SILVER TO TESTIFY AFTER 'MENTAL SHOCK'

PHILADELPHIA (AP) — Mrs. Gertrude Silver was in seclusion at her suburban home today after her discharge from Philadelphia Psychiatric Hospital.

Dist. Atty. Samuel Dash said he expects to have her brought before a magistrate as soon as possible on charges of conspiracy and of being an accessory to the abortion death of her daughter.

Mrs. Silver left the hospital Friday night a few hours after a consultation with her attorneys and doctor. She was not expected to leave before next week.

Aware Of Every Fact
Her attorney, Thomas D. McBride, said:

"She is completely recovered and aware of every fact of the case. There is nothing veiled any longer from her memory. I spoke with her and learned all the details of the fatal night."

He said he had asked Dash to postpone arraignment until the end of next week because Mrs. Silver is experiencing the "shock" of getting out of the hospital. He said he would talk to the district attorney Monday to discuss arraignment.

Mrs. Silver, wife of a food chain executive, was with her daughter, 22-year-old Mrs. Doris Jean Silver Ostreicher, wife of Miami Beach, Fla., motorcycle patrolman, Earl Ostreicher, the night of Aug. 24, when the pretty young bride of a few months died.

Attempt Backfired
The state later charged she was the victim of a bungled abortion attempt. Milton and Rosalie Schwartz, in whose modest North Philadelphia apartment the girl died, are charged with the attempted abortion.

Mrs. Silver entered the hospital Sept. 14. Her physician said she had suffered complete loss of memory regarding the events the night Mrs. Ostreicher died and was thus unable to accept the fact of her daughter's death.

Veteran Observes 113th Anniversary

FRANKLIN, Tex. (AP) — The oldest of the four surviving Civil War veterans, Walter W. Williams, quietly marked his 113th birthday today.

He had his celebration yesterday.

The former forage master of Hood's Texas Brigade joined with approximately 75 members of his family in singing "happy birthday" to himself at the family farm home 15 miles southeast of here. A family dinner was the highlight of his day.

It may be the last big celebration for Williams. Members of the family said the festivities were becoming too much of a strain on Williams and his 84-year-old wife, Ella Mae.

BETHLEHEM, Pa. (AP) — Funeral services will be held Tuesday for Russell K. Laros, 62-year-old textile industrialist who died at his Bethlehem home Saturday.

Laros founded the R. K. Laros Textile Co. in 1920. At the time of his death he was president, treasurer and general manager of the firm which has plants in Bethlehem, nearby Miller Heights and Kingston, Pa.

He also was active in civic affairs. He was a trustee of Bethlehem's St. Luke's Hospital, a trustee of Lafayette College of which he was an alumnus, and formerly served on the boards of Lankenau and Childrens Hospitals in Philadelphia.

Survivors include his widow, Helen; four daughters, Mrs. Talbot Shelton of Bethlehem, Mrs. Robert Young of Ardmore, Mrs. Jackson Mitchell of Lansdale, and Mrs. W. R. Shimer of Collegeville; a son, Russell, Jr.; and two brothers.

Sheriff Hickley Waughspack of Ascension Parish (county) said no charges have been filed against Ernest Stephen in the death yesterday of Samuel J. Kilburn.

He said witnesses told him Kilburn ran after Stephen's car after it passed several times while Kilburn was arguing with his wife over who would drive home. Kilburn was heard to ask if the driver "liked what he was looking at."

Witnesses said the reply was indistinguishable but Kilburn ran over and attempted to pull the driver from the slowly moving car. At that point a shot rang out.

A coroner's inquest ruled that Kilburn died from a .38 caliber pistol wound in the chest.

NEW SOLUTION SOUGHT IN SAAR

BONN, Germany (AP) — France and West Germany have agreed to seek a new solution for the Saar problem.

French Foreign Minister Antoine Pinay and West German Chancellor Konrad Adenauer announced in a joint communique yesterday they would tackle the problem in cooperation with the new Saar government to be elected Dec. 18.

They said the solution would be sought in the light of the referendum of Oct. 23 in which Saarlanders voted two to one against "Europeanization" of their rich borderland.

This anti-Europeanization vote is

now accepted by the French as showing clearly that the Saarlanders want eventually to return to their German fatherland.

The French and German governments, in seeking a new solution, hope to eliminate the coal and steel basin as a cause of friction in their goal toward European unity.

Pinay had a three-hour talk with the 79-year-old Adenauer. It was the first major conference for the chancellor since he became ill on Oct. 7.

No hint of the probable nature of the new solution was given.

The proposed Hillcrest Unit dam on the Snake River in Idaho would provide irrigation water for 600 part-time farms of about eight acres each.

When I depart from this old world . . . I want to leave behind . . . a sincere kind of tenderness . . . that is so hard to find . . . I want to leave my poetry . . . for those who are in need . . . in hope that it will bring them cheer . . . where'er they chance to read . . . words that may weld eternal love . . . or heal an aching heart . . . these are the things I wish to leave . . . this world when I depart . . . If God will grant me power to . . . accomplish what I try . . . I'll go my way in happiness . . . when I bid the world goodbye.

COUPLE WEDS IN
LITTLESTOWN
ON SATURDAY

Miss Brenda Jane Hess, daughter of Mr. and Mrs. Malcolm E. Hess, 36 E. King St., Littlestown, became the bride of Dean Strevig Helwig, son of Mr. and Mrs. George H. Helwig, Hanover, at a candlelight ceremony in St. John's Lutheran Church, Littlestown, Saturday evening at 6:30 o'clock. The bride's pastor, the Rev. William C. Karns officiated at the double-ring ceremony.

Miss Evelyn Harget, Littlestown R. D., played an organ recital prior to the ceremony and also played the traditional wedding marches. She was the accompanist for the soloist, Ferree LeFevre, West Chester, a high school classmate of the bride. The church was decorated with lighted candles, ivy and ribbon palms, ferns and white fall flowers.

The bride, who was given in marriage by her father, wore a white gown of lace and tulle over satin. It was fashioned with a high round neckline trimmed with lace medallions, and had a fitted bodice coming to a point in front and with many small covered buttons down the back. The long sleeves ended in points over the hands. Her full skirt of tulle with lace inserts over satin ended in a chapel length train. The fingertip length veil of illusion net fell from a crown of lace medallions. Her only jewelry was pearl earrings, a gift of the bridegroom. She carried a white Bible topped with a white orchid from which fell a shower of white satin streamers and white rosebuds.

Classmate Is Attendant
Mrs. Evelyn Benner, York, high school classmate of the bride, was matron of honor. She wore a dark green taffeta gown with a scalloped neckline, and featured a fitted bodice coming to a point in front, and a full street length skirt. She had matching shoes and mits. Her headpiece was a net veiling tied with matching ribbon and flowers. She carried a bouquet of mixed fall flowers and ivy.

The best man was the groom's brother, Wayne Helwig, Hanover, Russell Frock, Hanover, and Richard Boyd, Littlestown, both friends of the groom, served as ushers. Immediately following the ceremony, a reception was held in the church hall, with approximately 250 guests in attendance. A large wedding cake occupied the center of the bride's table.

The couple left on a wedding trip through the southern states. For traveling, the bride chose a charcoal grey suit with black and avocado green accessories and wore a white orchid corsage. Upon their return, the newlyweds will reside at 4512 Wilmslow Rd., Baltimore 10, Md.

UN May Admit 17 Nations As Result Of Geneva Talks

By JOHN M. HIGHTOWER
GENEVA (AP) — The possibility that 17 nations seeking U. N. membership may be admitted grew out of the Geneva conference today.

Russia and the Western powers apparently were seeking ways to avoid a return to all-out cold war despite failure of the present Big Four foreign ministers conference to solve any other major East-West problem.

Signs of this trend appeared yesterday in a long private talk between U. S. Secretary of State Dulles and Soviet Foreign Minister Molotov.

Understanding Near
One of the subjects they talked about was the possibility of U. N. membership for 18 Communist and non-Communist nations. In indications were that an East-West understanding was at hand on admitting most of them.

In New York, Henry Cabot Lodge Jr., chief U. S. delegate to the U. N., announced the United States had dropped its active opposition to the admission of four of five Soviet satellites and hoped in return 13 Western-sponsored nations would be voted in.

This would bring the U. N. roster to 77 nations.

U. S. Will Abstain
Lodge said the United States would abstain on the applications of Soviet-sponsored Albania, Hungary, Bulgaria and Romania. He said the United States would abstain on the fifth Soviet candidate, Outer Mongolia, but that he doubted that country would get the necessary seven votes in the Security Council anyway.

In return, Lodge expected Austria, Italy, Finland, Ireland, Portugal, Spain, Japan, Cambodia, Ceylon, Jordan, Laos, Nepal and Libya would be voted in before the end of the present U. N. General Assembly meeting Dec. 10.

It was reported here, however, that Dulles in his talk with Molotov also objected to including Albania as well as Outer Mongolia in the deal.

Discuss Middle East
The two ministers and their advisers also talked about the conference and touched briefly on the Middle East, where the sale of Red arms to Egypt has threatened serious new trouble between Israel and the Arab states.

The atmosphere of the Dulles-Molotov meeting followed a sure turn to softer talk in the Big Four meeting itself as Dulles, Molotov, British Foreign Secretary Macmillan and French Foreign Minister Pinay faced up to the fact that within three days they must break up the conference here in either hostility or hope.

The four shifted their attention today to the problem of expanding East-West contacts which the Westerners regard primarily as an exercise in punching holes in the Iron Curtain. So far their punching had resulted in more sore knuckles than holes.

Wife Puts City On Face Of Map

ALEXANDRIA, Va. (AP) — Susannah Alexander awoke, grabbed a gun and killed a man pursuing her husband, John, around the room with a hatchet. Then the Alexanders wrapped the victim in his horsehide robe and buried him on a hillside.

The victim was Long Tom, Orinoco Indian chief. John Alexander was a founder of this early American city—and wouldn't have been except for Susannah's sudden awakening.

Mention was made of the historical incident at ceremonies in the cemetery of old Ponik Church where John and Susannah—as well as Long Tom—lie buried.

LAUNDRY NEWS
A new clothesline is said to make drying outdoors easier. The line is two strands of solid steel covered with plastic to resist wear, moisture and mold. The strands are twisted-formed and a small spreader device is slid along the line to open strands several inches in each direction.

The wash is gripped, tightly between the strands as spreader slides farther along the line. By sliding spreader back along the line, the clothes may be dropped out easily.

Want to make your own dust rag? Here's a suggestion by the home economics department of the University of Rhode Island: Wash a piece of cheesecloth in hot water

And wring dry. Pour a small amount of turpentine over the cloth until it is barely damp, and then wring dry.

Apply varnish to the cloth, working it in until the cloth is yellow.

Wring the cloth again until it is damp enough to pick up dust. Keep this tack rag in a glass jar when not in use.

Get every bit of batter out of that mixing bowl! You can if you use a rubber spatula. These spatulas come in two sizes — narrow and wide.

Big Four Fails To Reach Any Agreement On Disarmament

By JOHN M. HIGHTOWER
GENEVA (AP)—The Big Four foreign ministers decided after a 20-minute session today that all viewpoints on the deadlocked disarmament question had been exhausted. They agreed the only step left was to try to frame a common statement to that effect. Saturday's conference session was recessed so the ministers could consider their separate conclusions and attempt to find appropriate language for dealing with the problem in their final communiqué.

Roland de Margerie, chief of political affairs for France, expressed his government's "regret that the minimum of confidence required for initiating the first steps toward disarmament did not exist." De Margerie substituted for Foreign Minister Antoine Pinay who flew to Paris to participate in a confidence vote in the French National Assembly.

Reds Won't Budge
British Foreign Secretary Harold Macmillan, Soviet Foreign Minister V. M. Molotov and Secretary of State Dulles had nothing further to say on the disarmament issue.

Despite the confusing tangle of arguments between Russia and the West, the broad outlines of a new Western approach to global disarmament are coming into focus at this Big Four conference.

Molotov has turned down current Western proposals and has given the Big Three ministers no encouragement that their prospective new program will ever get anywhere. The three Western ministers are equally adamant in their opposition to the proposals put forward by Molotov.

The Western Allies and Molotov have agreed that somehow, someday the burden of armaments and the fear of atomic war ought

to be reduced, if not abolished. And Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay indicated last night they expect to come up with a new set of proposals in a few months.

Develop New Ideas
Their arguments with Molotov in the past two days have disclosed several of the fundamental ideas to be incorporated in the new Western approach.

The principles so far developed publicly include:

1. Agreement should be reached on ways to retain a big power monopoly of atomic weapons. This will become an increasingly acute problem as techniques of manufacturing atomic explosives develop. Dulles said an answer may be found in controls on production and circulation of such explosives.

2. The problem of preventing the use of existing atomic weapons may be solved in part by policing the means of their delivery against a target—and by watching for the evidence of mobilization that would be necessary if a great power intended to start an atomic war.

3. The problem of eliminating existing atomic weapon stocks is at present insoluble. There are no known scientific means of detecting hidden stockpiles of such weapons, but devices for detection may be developed and it is essential to continue to search for them.

Can Curb Military Costs

4. The size of standing armies, navies and air forces can be reduced with the result of cutting military costs all over the world, lessening the fear of war and increasing international confidence. This can be done if the agreed reductions are fully supervised to prevent violations.

The new program is being designed to deal with an age of atomic plenty—an age in which the big powers will have all the weapons they need to blow each other off the map and when more and more small nations may get enough weapons to threaten world peace.

The old program, dating back to 1946-47, was designed to deal with atomic scarcity when there was little nuclear material in the world. But the new program embodies the same critical weakness that made agreement on the old plan impossible.

It will not work at any point unless it is built around an effective

Mrs. Germaine Coty Dies Unexpectedly

PARIS (AP)—Mrs. Germaine Coty, 69, wife of French President Rene Coty, died unexpectedly early Saturday of a heart attack.

An Elysee Palace announcement said death was due to a stroke. Mrs. Coty died at Chateau de Rambouillet, the presidential residence 35 miles south of Paris where she and her husband normally spent their weekends.

Mrs. Coty had spent a full day Friday participating in Armistice Day observance in Paris. She became ill suddenly Friday night in Paris but was able to accompany her husband to Rambouillet.

Born April 4, 1886, at Le Havre, she married Coty in 1907. Survivors in addition to her husband include two children, Mrs. Genevieve Egloff and Mrs. Anne-Marie George, and several grandchildren.

CALLS SHEPPARD KILLER FARCICAL

COLUMBUS, Ohio (AP)—A Columbus attorney, middle man between an unidentified informant and the Sheppard family, has labeled as farcical a letter purporting to name the "actual killer" in the sensational Sheppard murder case.

The letter came to light in New York City Friday when the Daily News published a copyrighted story saying an unnamed letter-writer accused a fellow-camper of the murder.

In Columbus, Atty. Webster S. Lyman Jr. said the published account jibed with the facts as given to him by the informant a month and a half ago, but that he now believes the entire version to be a farce. Lyman was not involved in the Sheppard trial.

At Ohio Prison
Through it all, Dr. Samuel Sheppard, husband of the murdered woman, spent another day of his life sentence in Ohio Penitentiary. The 31-year-old osteopath was convicted last December of the July 4, 1954, murder of his wife Marilyn in their Bay Village home, near Cleveland on the shores of Lake Erie.

MORSE WILL NOT ENTER PRIMARY FIGHTS IN 1956

By JACK BELL

WASHINGTON (AP)—Sen. Morse (D-Ore.) said today he favors a "wide open" Democratic convention next year and will stay clear of any presidential primary fight that may develop in Oregon.

There have been some reports that Morse might be advanced as a "favorite son" candidate to avoid a possible democratic split in his state. But the Oregon senator said he would not go along in any such move.

"I am running for the Senate and nothing else," he said in an interview.

A petition signed by 1,000 voters puts a candidate's name on the ballot, even without his consent. The candidate can't get his name off no matter how much he objects.

Problem For Harriman

This might pose something of a problem for Gov. Averell Harriman of New York, who is to speak in Oregon Nov. 22 in behalf of Morse. Harriman expects to be New York's "favorite son" candidate but has said he will not enter any primaries.

There have been indications that Adlai E. Stevenson may elect to go into the primary. The name of Sen. Estes Kefauver of Tennessee also is likely to be entered. Kefauver carried the state's 12 votes into the 1952 national convention, but lost the presidential nomination to Stevenson.

Kefauver told an ABC television audience yesterday he should know by mid-December whether he will seek the 1956 nomination, but said he was "not now a candidate at any rate."

Stevenson is expected to announce for the nomination in Chicago Tuesday, two days before a

meeting of the Democratic national committee. At that time, the committee will consider a proposed compromise for the "loyalty oath" by which some 1952 delegates wanted to bind all who participated to support the convention's nominee.

Says Pledge Is Dead

Sen. Humphrey (D-Minn.), who was among those supporting the oath movement in 1952, said in an interview he regards the loyalty pledge as "dead."

Later on a CBS television show, however, he said that if he were asked to judge the qualifications of Gov. Allen Shivers of Texas as a delegate, "I would say he could not qualify."

Shivers supported President Eisenhower against Stevenson in 1952 and has strongly indicated he would not support Stevenson in 1956.

Meantime Republicans arranged a meeting of their own national committee in Chicago Dec. 1. Business will include the official convention call, fixing the number of delegates for each state. Unofficial plans call for about 1,300 delegates, 94 more than in 1952.

Gov. Theodore McKeldin of Maryland, who nominated President Eisenhower at the 1952 convention, said he would like to do the same next year and expressed hope "he might be our candidate." McKeldin indicated he would be quite willing to run for vice president.

Sen. Aiken (R-Vt.) said in a weekend interview that what he called the "failure of the Geneva conference" will greatly increase the pressure on Eisenhower to seek a second term. He conceded, however, "it's up to Ike to make that decision."

THREE KILLED IN SHIP BLAST

NEW YORK (AP)—Fire exploded a fuel tank aboard a Navy radar picket ship at dawn yesterday, killing three men and injuring two others. The fire was brought under control six hours later.

The stricken ship, the Searcher, was on station at sea 125 miles southeast of here. Navy and Coast Guard vessels rushed to her aid.

An amphibious plane flew three of the most severely injured men to New York City. One died on the way to the Naval Hospital at St. Albans, Queens.

The bodies of the two others killed in the blaze were "completely carbonized," the Navy said.

The Searcher had recently started a new tour of patrol duty off the Atlantic Coast east of Cape May, N. J.

A converted Liberty ship, she is crammed with expensive radar equipment. It cost four million dollars to fit her out for this job.

Because of her long periods of patrol duty, the picket ship carried large supplies of fuel oil.

The fire broke out in the star-

Wife Felled By Car After Hospital Visit

TRENTON, N. J. (AP)—A 73-year-old woman in poor condition in St. Francis Hospital today from injuries suffered when she was struck down by an auto after a visit to her husband recovering from a heart attack in another hospital.

Police said Mrs. Lydia Garretson, of Yardville, had just alighted from a Trenton Transit Co. bus when she was hit by a car operated by Robert G. Smith, 23, of Groveville. She suffered a broken left leg, shock, cuts and bruises.

The woman's husband, Harry, 67, is in critical condition at Mercer Hospital. He was not told that his wife had been injured.

board tank and roared with intense heat through the engine room on the second deck and the midship superstructure. The Navy called the damage moderate.

After the fire was extinguished, tugs began to tow the powerless 416-foot vessel to port. She was expected to reach New York by this afternoon.

None of the identified dead or injured was from the Middle Atlantic States area.

POLICE HUNT FLA. ESCAPEE; FLED IN DARK

NEW ORLEANS (P) — Police today hunted for Russell Tongay, the former swimming instructor who escaped from a Florida officer here last night while serving a 10-year manslaughter sentence in the death of his Aquatots daughter.

Tongay was brought from the Florida State Prison at Raiford, Fla., by transfer agent Jimmie Simmons, to undergo treatment for a lung ailment at the Marine Hospital.

After checking in at the hospital, the agent and his prisoner were en route to the Parish (county) jail when they were involved in a minor automobile accident. Tongay was taken to Charity

Hospital for examination. Doctors said he apparently was uninjured. En route back to the jail Simmons and Tongay stopped at a downtown restaurant for supper.

As the agent was paying the check, police said Tongay fled out the door. Simmons said he pursued him to a parking lot but lost him in the dark.

A statewide alarm was broadcast for Tongay, who made headlines in January 1954 when a Miami jury found him guilty of manslaughter in the death of his five-year-old daughter, Kathy, two years earlier.

Kathy died in a 33-foot dive into a Miami Beach hotel swimming pool. She and her brother, Bubba, 9, billed as "The Aquatots," received wide publicity when their father announced they would swim the English Channel. French and British authorities refused to allow the channel crossing.

ment was a statement to reporters denying he had resigned. It said: "This has come about exclusively by the decision of certain members of the armed forces."
Maj. Gen. Juan Jose Uragua, transport minister in Lonardi's government, issued a fiery statement accusing "ambitious elements" of seizing control of the "destiny of the liberating revolution."

"The only chief of the revolution was and is General Lonardi," Uragua said, "and the treason to General Lonardi will not go unpunished."
Lonardi's seven-week-old government was plagued by political and economic problems after 10 years of Peron rule. United in opposition to Peron, differences in the revolutionary ranks came into the open soon after he was overthrown. Lonardi attempted to steer a middle course but major divisions appeared between right wing and "prodemocratic" forces.

cratic" elements, which include many young officers, felt right wing "nationalists" had seized too much power and threatened the original goals of the September revolt. It was reported that Lonardi had been given an ultimatum over the weekend to fire "reactionary" elements in his government or quit himself.

Observers said the Roman Catholic Church, the state church in Argentina, played no part in the latest government shakeup. Lonardi had taken steps to improve state-church relations after a long and bitter dispute during Peron's rule.

In Washington, the State Department declined comment, saying it was an internal affair.

INVESTIGATORS FIND 'SERIOUS' CCC PRACTICES

WASHINGTON (P) — Congressional investigators have turned over to the General Accounting Office reports of some Commodity Credit Corp. practices which they said "may have serious and possibly scandalous proportions."

The statement is contained in a 300-page report made by the staff of the House Appropriations Committee on major activities of the Agriculture Department.

The report, dated Dec. 29, 1954 and still locked up in committee files, hinted at what it called "favoritism" in awarding contracts and "culpable negligence" in purchasing supplies. It said there is sometimes an attitude in handling stored crop surpluses that since "only government-owned commodities and taxpayers' dollars are involved — why worry!"

The report was prepared primarily for the committee's information, and became available indirectly.

Surplus Crop Agency
Its major criticism was directed at the Commodity Credit Corp. The department's major agency to handle surplus crops, and the CCC's

Sultan To Look Into Bases Deal

PARIS (P)—Sultan Sidi Mohammed Ben Youssef of Morocco who is to be restored to his throne in Rabat this week, says he intends to investigate the agreement by which the United States built four big air bases in his country.

The Sultan, deposed by the French in 1953 for sympathies with Moroccan nationalists and about to be reinstated after exile in Madagascar, said in an interview yesterday he never was consulted about the bases deal.

operating agency, the Commodity Stabilization Service.

The report dealt generally with activities in which it said "deficiencies warranting the attention of the committee" were found and cited what it called "numerous instances and examples of such deficiencies." It emphasized that the objectionable conditions do not exist in all activities of the department and praised the "great majority" of department employees as "loyal, conscientious and generally competent."

NEW YORK (P) — Playwright Robert E. Sherwood, 59, died today in New York Hospital.

He suffered a "moderate" heart attack early Saturday and after briefly rallying, had weakened steadily since noon yesterday.

Job Hunter Finds Opportunities Lean

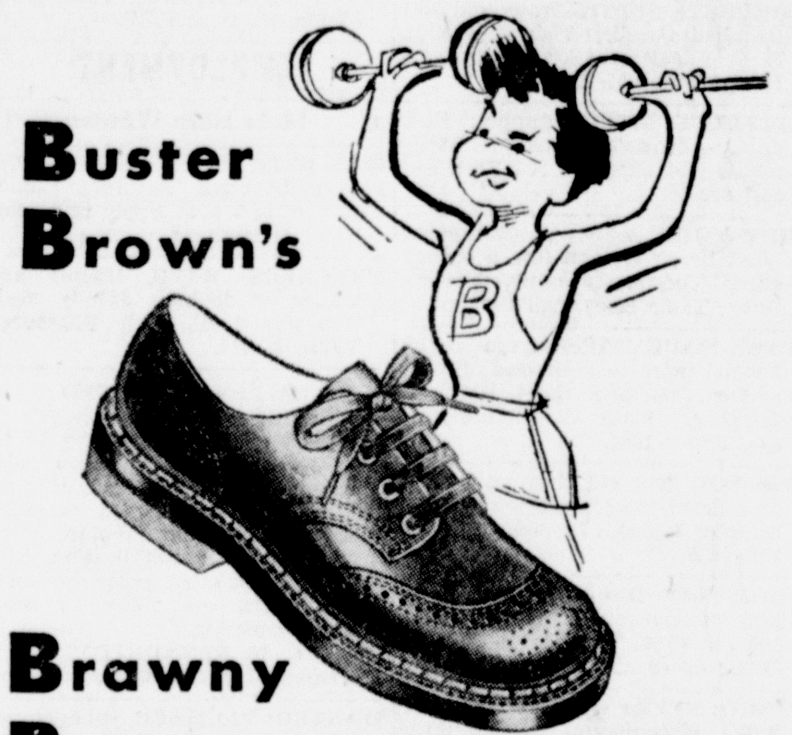

FRANKFORT, Ky. (P)—If you think it's tough to find a job, talk to James Oberst. He has to look for 200 of them. And since March, he has found only 10.

Employers of prospective parolees from the Kentucky State Reformatory and Penitentiary just aren't easy to find.

In fact, James W. Hughes, director of the Bureau of Corrections, warned Oberst, a placement representative, "You'll be lucky to find

one a month at first."
He is now placing about two men a month while tracking employers all over the state. He estimates he has interviewed around 375 prospective employers at the rate of about 10 a day.
"One manufacturer in Louisville told me that the parolee he hired was better than the average man that comes into his company for a job. As a matter of fact, he said that he was the best man that he ever had for that particular job."
